

Prefabricated Low Pressure Residential Meter Set

UPSCO's proprietary line of Prefabricated Meter Sets are manufactured to meet your specifications. We offer standard designs and customized units tailored to meet your needs with a variety of options. We feature 100% pressure testing, custom packaging, custom stocking programs, and continued service and support from product development through final installation.

Fabricated in house, our low pressure meter sets are all pressure tested, painted and packaged according to your specifications. From 5LT to 45LT our turnkey assemblies make installation or change outs a simple and easy process.
